Sanction was accorded to the excess water charges on account of the Bangalore, the Mysore Jails for the period from April 1914 to end of June 1917.

3) The bill now sent by the Dy in respect of the Mysore Jail includes items which relate to the period prior to July 1917, and the charges on account of these amount to Rs 3878-4-0, out of the total amount of the bill viz Rs 10,322-4. It is not clear whether these items were left out of calculation before, or whether they were included in the bills sanctioned in the G.O. referred to. Some enquiry seem to be necessary on this point.

4) Re the proposal to write the arrear charges off the accounts, it seems necessary first to ascertain what the outstanding amount in the BC. Jail is

28) It is doubtful whether it is necessary or useful to pursue the correspondence as eventually the figures now given by the Chief Engineer viz, Rs 21,374-8-0 for the BC Jail till the end of Sept 1922, may have to be accepted.

29) A query is however perhaps called for explanation of the discrepancy between the return above - re B.C. Jail.

30) Re Hyderabad Jail, the amount due up to the end of August 1922 is stated to be Rs 10,449; vide H's letter of 9.10.22. As in the case of the BC Jail, there is a discrepancy here also in regard to the amount due ~~for the period~~ to the end of June 1917. In his letter of 4.9.17 the H repeated the amount to be about Rs 2,000, while according to the statement in his letter of 27.6.22 it will be Rs 3,876-4-0. This is also included in the draft portion

32) The question of current charges, e.g. those referred to in the D.G.P.'s letter of 17.3.23 should not be mixed up with the question of old arrears. Please ~~ask~~ get note whether there is not a fresh entry every year's prisoners to pay for from that head.

The unutilised grants in the last year's budget having lapsed, there is no question of meeting the excess charges of the two jails for 1922-23 from the source mentioned by the Dy. Commr. However, of the savings (Rs 2440) pointed out in '19- Jails - 2 Jails & Lock ups, Samat charges', the Comptroller may perhaps be authorised to admit the excess charges referred to, in the accounts for the past year. Office of the Inspector-General of Prisons
in Mysore,
Dated, Bangalore, 26/27 June 1922

H. B. Mylvaganam, F.R.C.S., (Eng).,
Inspector-General of Prisons
in Mysore, Bangalore.

Iriannaiya Esqr., M.A., B.L.,
Secretary to the Government of H. H.
Maharaja of Mysore, General Department,
Bangalore.

I have the honor to state that the matter of increasing the free allowance of water to the inmates of the Jails in the State was under correspondence between Government and this Office and the same has been finally disposed of by Government in their order No.J. 4541-3/Pris 28-20-15 dated 28th March 1922. The Superintendent Vani Vilas Water Works, Mysore, has now sent up, through the Superintendent of the Mysore Jail, for payment a consolidated bill for Rs.10322-8-0 being the excess water charges due by that Jail for a period of more than 7 years.

In this connection, I bring to the notice of Government that the excess water charges now claimed are for a period of over 7 years, when the taps were very leaky and in consequence there used to be much wastage of water mostly due to the defective stop cocks fixed to the taps in the Jails, which were only very recently rectified. I may mention here that the bill in question (herein enclosed) as also similar bills yet due from the Superintendent Bangalore Central Jail have been requested to be adjusted before the close of the current official year, so that it may not involve a debit against the next year's Budget. I have also to state that no provision has been made to meet this enormously large item of

expenditure either in the current year's Budget or in
the one for the ensuing year of the Prisons Department.

Under the circumstance, I request that you will be good enough to issue necessary instructions to the water works department to have the total amount of excess water charges due by both the Jails in Mysore and Bangalore, - written off the accounts in the present instance or to have the same adjusted from the savings, if any, of the Prisons department in the next and future years.

Further every care will be taken by the Superintendent of both the Jails not to exceed the limit prescribed by - Government in the use of water thereat, and also to see that no wastage of water is allowed to occur in future.

I have the honor to be,

Sir,

Your most obedient servant,

K. B. Mukherji

Inspector-General of Prisons.

Arrears of excess water charges viz., Rs.10449/- to e of August 1922 remaining unadjusted against the Jail at Myso

---

I have the honor to bring to your notice that the abo sum is made up of the amount of the modified bills for old a prepared in accordance with Government Order No.J.4541-3/Pri 28-20-15 of 28-3-22 and the charges to end of August 1922.

Bills were sent to the Superintendent of the Jail on 22-7-22 and 19-9-22 by the Assistant Engineer, Vani Vilas Wa Works, Mysore, for favour of adjustment. The Superintendent the Jail was also addressed by me in the matter vide this Of No.107 dated 27-7-22.

As the arrears are heavy and longstanding and as the question of adjustment has been finally ordered by Governmen so far back as March 1922, I solicit the favour of your arra e adjustment of the bills.

Letter No. 18785/Pris 28-2-7, dated 8th April 1931 from the Secretary to the Government of His Highness the Maharaja of Mysore, Revenue Department, Bangalore, to the Chief Engineer of Mysore, Bangalore.

With reference to the correspondence ending with your letter No. W. 8711 dated 31st January 1931 regarding the adjustment of the excess water charges of the jails at Mysore and Bangalore, I am directed to state that there are no funds at present in the Prisons Budget to meet the said charges. The matter is however under correspondence with the Inspector-General of prisons and as soon as the question of raising the necessary provision for the two Jails and Lock-ups is decided pending final orders of Government the water supply may be continued to the two Jails.

Memo No. G. [illegible] Bangalore, the 8th April 31.

Copy of the above is forwarded with compliments to the Inspector-General of Prisons with the request that his report on the points referred to may be submitted early for the orders of Government.

To

Secretary to the Government of His Highness
the Maharaja of Mysore, General Depar
Bangalore.

With reference to your letter No.P.7017/Pris 73-21-7 dated 16th February 1923 requesting me to explain the discrepa regarding the amount of the arrear excess water charges of the Bangalore Central Jail, I have the honor to state that the fig furnished in this Office letters Nos. 1435/135-07 and 1831/135 dated the 4th September 1917 and 29th November 1922 respective were based upon the information furnished by the authorities o Water Works Department and the Superintendent of the Bangalore Jail.

The excess water charges of the Central Jail was Rup 1168-12-0 up to the end of March 1922 as per modified bill of Range Officer Chamarajendra Water Works, Bangalore (Vide lette No.357 dated 5th August 1922 from the Superintending Engineer, Circle, copy enclosed). Similar charges from 1st April 1922 t 30th September 1922 was Rs.4029-8-0 as per bills furnished to t Superintendent, Bangalore Central Jail, by the Water Works Depa vide letter No. 1559/F. 76 dated 14th November 1922 from the Su ndent, Bangalore Central Jail, copy enclosed). The total exc ter charges of the Bangalore Central Jail up to end of Septem es therefore Rs. 25198-4-0 as reported to Government in this O letter No. 1831/135-07 dated 29th November 1922. There are no available in this Office to check these figures and the Superin

of the Jail also reports that the metre is read by a responsible officer of Government and that there is no counter check in the Jail.

The Chief Engineer for Irrigation states in his letter No. M. 5797 dated 14th February 1923 that the excess water charges of the Bangalore Central jail up to end of September 22 is Rs.21374-8-0. Hence there is discrepancy in the figures furnished by the Water Works Department.

I request therefore that you will be so good as to address the authorities of the Water Works Department in the matter and to kindly obtain orders of Government for writing of the accounts the total amount of excess water charges up to the end of the current official year, as there is no provision to meet any demand in this respect from the current year's Budget.

In this connection I beg to point out that the excess water charges are due from 1914 till 1922. But from 1914 to 191 there were no metres attached to the Jail water service and how the excess was calculated during these years is not clear. Even after the installation of metres in 1917, frequent leakages from the pipes through defective stop-cocks were reported on several occasions.
